

Grand Island Area Clean Community System 2019 Litter Pick-Up Information Sheet

- Grand Island Area Clean Community System offers this opportunity for organizations, churches, local schools and businesses to demonstrate community pride in our roadways, parks and public areas, make a positive statement for a clean, attractive community and help the City of Grand Island decrease the cost of litter abatement.
- Participating groups are asked to pick up litter along their designated section of roadway, park or public area.
- Clean Community System will provide the following supplies to complete a litter pick-up:
 - Reflective Safety Vests, gloves & pinchers for participants
 - “Litter Pick-Up” signs to notify drivers of activity taking place
 - Trash bag for collection of litter
- Participating groups must pick-up supplies from Grand Island Area Clean Community System, 3661 N Sky Park Rd 2B, Grand Island, NE and return remaining supplies promptly after litter pick-up.
- Filled trash bags need to be placed at a predetermined location to be picked up by the City Street Division or other entity.
- When litter pick-up has been finished, supplies returned and the completion form submitted the participating groups will be awarded grant funds as determined by the Nebraska Department of Environmental Quality Cleanup Grant based on the miles or acres serviced.
